27 Introduction to Dongwon F&B

28 Epilogue | History / Awards

Dongwon F&B makes all-out efforts to bring you fresh food every day so that you may have a happy future, and the greatest value we have is our customers, namely you. Meet Dongwon F&B waiting for you. Just You!

*Just You!*

# Carefully Prepared

Dongwon F&B wishes you to have a great day every day by offering you the freshest food. Dongwon F&B's will to establish a proper food culture is reflected in the top grade facilities and our advanced system delivers fresh foods to customers promptly anywhere anytime.

We always make preparations before others and do our best to bring you safe and healthy food.

**07** Distribution System

## Production System

Dongwon F&B will bring you only the best food through its topnotch facilities and technologies.

### We produce clean food in great facilities around the country

Dongwon F&B has the latest large scale automated production systems located throughout the country. Specialized products are manufactured in specialized production lines including the Changwon Factory for canned tuna and canned seafood, Jincheon Factory for processed meats and kimchi, Seongnam Factory for crab sticks and fish cakes, Asan Factory for frozen food and instant rice, and Cheonan Factory for red ginseng. Also, we have implemented thorough hazard control measures bordering on that of semiconductor factories as a part of our efforts to bring you food products that you can trust.

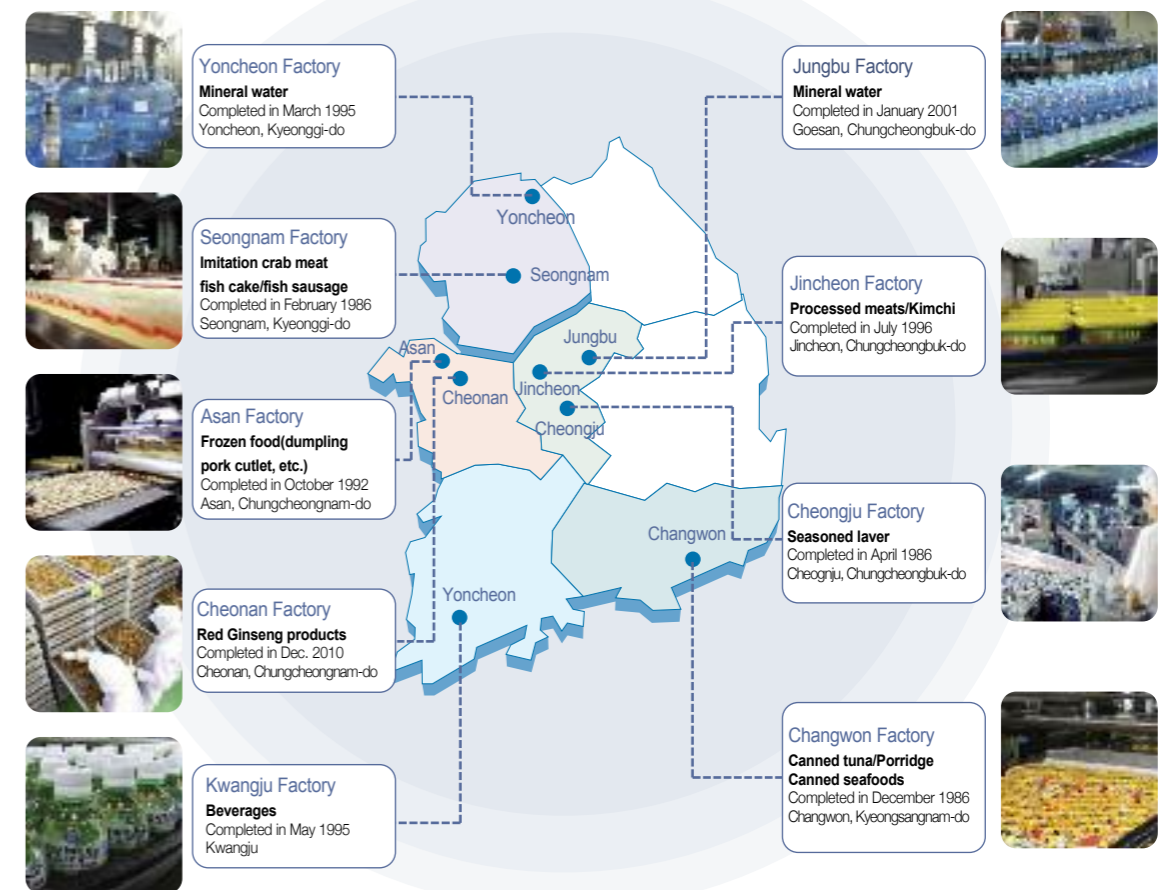

### Dongwon F&B applies HACCP to the hazard control system

Dongwon F&B is HACCP certified, the internationally recognized hazard control system, and has been systematically managing the manufacturing process. Furthermore, Dongwon F&B is doing its utmost for safety and hazard control by implementing a responsible management system to the entire food production process with the pride of being the best food company, not as a follow-up measure but as a preventive measure.

### All employees of Dongwon F&B participate in safety management system

'PSMS (Product Safety Management System)' is a management system that seeks for ways to improve the safety of the product by taking responsibilities for the product in the entire process from its planning and development to production, shipment, distribution, and customer service. This reflects the will and practice of all employees of Dongwon F&B to take full responsibilities for product safety by participating in the safety management.

## Nationwide Production System

### Acquisition of HACCP Certificate

HACCP(Hazard Analysis Critical Control Points) is the standard for intensive management of harmful elements to food and is a system that thoroughly and systematically controls all stages from the preparation of raw food materials to its production, processing, storage, and distribution up until the actual consumption by customers.

By acquiring HACCP certificate, Dongwon F&B enhanced the pride and confidence as a comprehensive food company with unparalleled trust for food sanitation.

### Acquisition of ISO Certificate

ISO(International Organization for Standardization) is a quality management system that internationally standardizes the quality control of products and services and quality assurance activities. Dongwon F&B proved its true value internationally by acquiring ISO certificates for all food manufacturing processes.

Food Development System

We will think and develop the broadest outlook with the confidence that our customer is the world.

Dongwon F&B is always the first to develop new products

The Food Development Team engages in developing a variety of new products and in result has released products that represent Dongwon F&B such as canned tuna, kimchi, red ginseng, teas and beverages, processed meats, and frozen foods. They are also making all-out efforts for future-oriented technological developments such as the development of generic technology and the development of new materials.

Food safety is the primary mission of Dongwon F&B

The Food Safety Center, which intensifies food safety of the products, is conducting thorough safety inspections from raw materials to final products using the latest facilities in order to realize the company's basic policy, 'Food safety is the most fundamental commitment to customers'. Furthermore, the center acquired the KOLAS (internationally certified testing institute authorized by WTO) certificate to secure professionalism and international credibility.

Dongwon F&B holds fast to a strict quality assurance system

The Quality Assurance Sector targets the best food sanitation management system and quality enhancement and it further enhances customer satisfaction by securing the safety of end products through on-the-spot inspection of factories, sanitation training and review of overall issues listed in food and sanitation regulations, and the development of quality related operating systems.

**Dongwon Food Science Research Center** The Dongwon Food Science Research Center consists of the Food Development Team developing new products and researching new technologies, the Food Safety Center conducting the research on food safety, and the Quality Guarantee Center in charge of evaluating the audits for all sorts of quality systems, including HACCP.

Distribution system

We will fill your table with the freshest and the most nutritious foods.

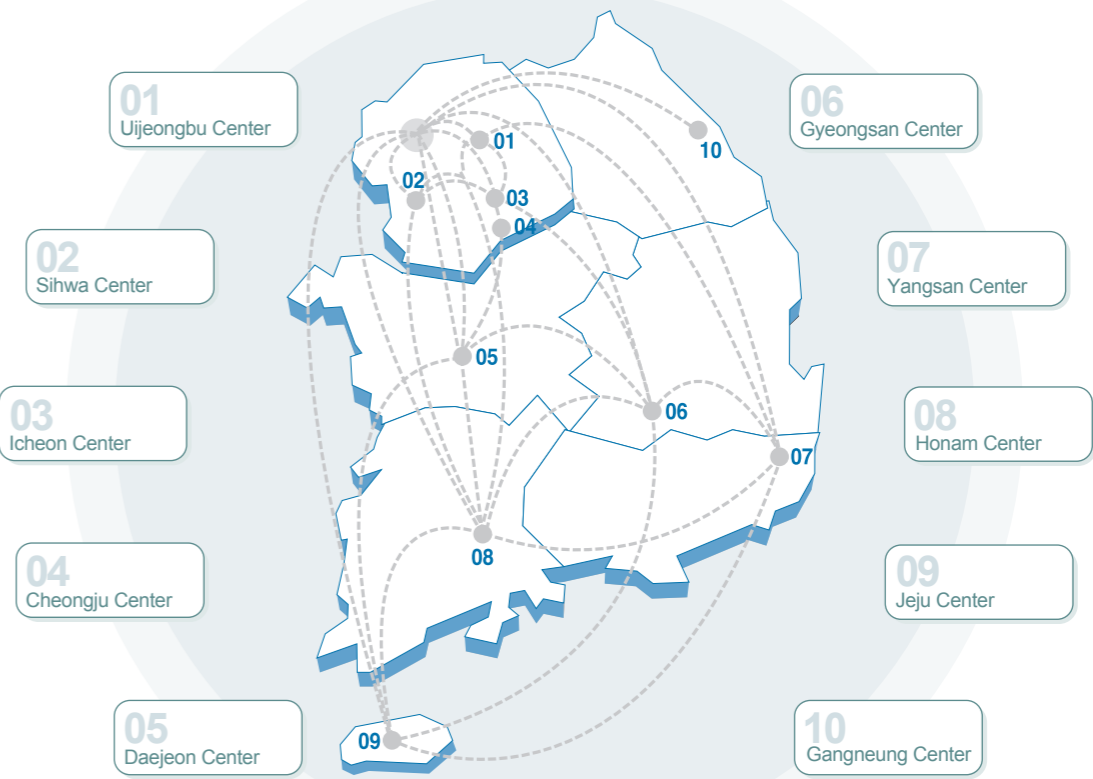

Wide Area Distribution Network of Dongwon F&B

The wide area distribution network of Dongwon F&B stores and transports products of all temperature requirements from frozen food stored at very low temperatures to products stored at room temperatures through ten distribution centers around the country. Dongwon F&B delivers fresh food safely all year round using the latest facilities and computerized systems capable of transporting products to where and when customers need them.

**Maintaining freshness by thoroughly managing expiration dates** | Dongwon F&B is preventing the deterioration of food products by thoroughly managing expiration dates and maintains the freshness of the food based on the safe and systematic product circulation system designed for the management of freshness.

**We control storage and sanitation with the highest priority** | Dongwon F&B strictly regulates the cleanliness with a perfectly designed storing process in distribution centers strategically located throughout the country.

Nationwide Distribution Center

From the taste  
in everyday living to  
the special taste for health,  
enjoy Dongwon F&B  
filled with happiness and  
satisfaction

# Share Happiness

There are many people around us who cannot enjoy happiness in everyday life such as starving children, senior citizens who live alone, and disaster victims. For this, Dongwon F&B unsparingly shares whatever we can and participate in sharing activities to give a better future to our children and see a big smile on everyone's face in Korea. There is hope in Dongwon F&B.

We know we could not have made today's achievement all by ourselves. For that, we would like to share more of whatever we can with those in need more often.

## | Contributions to society |

### Dongwon is shining the light of hope on the youth of Korea

Dongwon has been operating the Dongwon Educational Foundation since 1979. Since its establishment, the foundation has been providing scholarships to approximately 6,000 talented youths and has been supporting academic research and scientific technology projects of major universities and research institutes of Korea. Dongwon provides an environment where young and talented people can deeply engage in their studies as they share the love from customers together with the society, considering them its duty. Dongwon will continue to take the initiative in supporting young and talented people who will make great achievements in the future.

#### Children are Our Future

'Dongwon Chaekkgureogi', a children's book support program of Dongwon Educational Foundation that started in May 2007, is the book reading campaign for mothers and children designed to prepare the foundation for the development of talent through the balanced development of IQ, EQ, and CQ. Through this campaign, Dongwon sent over 750,000 picture books to households with 6-year-old or younger children. Households can choose and apply for the books among the recommended books and Dongwon sends 12 books to each household.

#### We Believe in the Power of Dream

Dongwon Global Explorer is the 'Dream Support Project' that helps young people to develop broader views and also achieve their dreams. Starting from 2012, Dongwon Global Explorer is providing 50 or more college students with the footing to grow into global leaders through the opportunity to display their enthusiasm and challenging spirit.

#### Education is Hope Scholarship Program

Dongwon established the Dongwon Educational Foundation in 1979 and has been providing opportunities and hope to students who have the potential to become servant-leaders of the 21st century. The foundation is providing scholarships to approximately 6,000 students including students with excellent talent, middle and high school scholarship students, college scholarship students, and students studying abroad.

#### Giving hope to the future leaders of the nation

##### Research Fund, Educational Development Fund, Educational Institute Support Project

Starting from the Center of Social Sciences in Seoul National University in 1980, Dongwon has been continuously funding major universities and research institutes of Korea such as Korea University, Yonsei University, Chonnam National University, Hankook University of Foreign Studies, Pukyong National University, and the National Fisheries Research & Development Institute. Furthermore, Dongwon made donations for the construction of Dongwon Dormitory of Seoul National University in 1996, the establishments of Dongwon Academic Research Foundation of Pukyong National University, Dongwon Scholarship Foundation of Chonnam National University in 2005, Dongwon Group Leadership Scholarship Foundation of Hankook University of Foreign Studies, Global Leadership Center of Korea University in 2007, and Jangbogo Hall of Pukyong National University in 2010. Also, Dongwon has been continuously providing educational equipment and materials.

## | Dongwon Leaders Academy |

### Cradle for Fostering Global Leaders and Life-long Education

Dongwon Leaders Academy is the home of talented people who will overcome the ever intensifying competitive environment inside and outside the country, and it is the cradle of industrial training that fosters individual creativity and passion, as well as servant leaders. Also, it is a renowned educational institute that becomes a great strategic business partner of the company through comfortable and pleasant environments, kind services, and advanced operating systems.

Make a smile now,  
and it will lead you to  
feeling happier tomorrow.  
Make you feel happier by  
being together with  
Dongwon F&B
